DETAILED ACTION

Allowable Subject Matter

Claims 1 – 33 and 35 are allowed (claim 34 has been canceled).

The following is an examiner's statement of reasons for allowance: Regarding independent claims 1, 20, and 28, the prior art does not show the combination of a heat-sealed PTFE impregnated fiberglass covering surrounding a Polyimide foam. The prior art shows the use of PTFE coated fiberglass, but not heat-sealed in combination with a Polyimide foam layer. Regarding independent claims 12 and 33, the prior art does not show the use of a fastening means for an acoustic blanket to provide a controllable air gap at the perimeter of an acoustic blanket without any connecting support structure between fastener assemblies. Regarding independent claim 35, the prior art does not show the combination of two acoustic panels within a heat-sealed covering and having a barrier ply located to achieve either a first or second acoustic characteristic having standoffs to provide an air gap between a support structure and the perimeter of the acoustic blanket.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
